of Rs 50 was sanctioned to the institution with effect from 1st December 1904.

The number of orphans then was 17

The present number is 34.

3) The cost of garb complete for each was then reported to come to between Rs 6 & 7 (but the members say it was Rs 5). The present cost is reported to amount to between Rs 8 & 10.

4) It may be noted that rice, 2nd sort was selling at 9 seers per Re in 1904 while at present it is sold at 6 3/4 seers per Re.

5) It is further noted that the Srinivasa Andhra Orphanage at Bangalore which also receives Rs 50 p.m. from Govt has been maintaining 20 orphans.

6) In regard to the prayer of the members, the following points seem to require consideration.

1) increase in the prices of food stuffs,
2) increase in the number of orphans to be fed,
3) better management of the institution &
4) extension of the sphere of its usefulness.

Attention is invited to para 3 of G.O. No. 1648-60 dated 19.12.13 requesting the Mwz Supdt & Mfr 585-12-12 to make a lumpsum provision in the Budget of future years for helping the institutions of this kind.

A grant of Rs 50 was sanctioned by Govt in 1904 i e 9 years ago. They now pray for an additional grant of Rs 100 so that the present grant may be raised to Rs 150 a month, on the ground that the prices of foodstuffs have gone up high and the rates of school fees have been increased since 1904. There is no doubt that the Anathalaya in the Capital City is a well conducted institution deserving of more encouragement at the hands of Govt.

(a) The Anathalaya is a private institution enjoying a Mysore Grant of Rs 50 a month. Its usefulness is admitted though there is nothing to show what its financial position is. It is one of the few instances of privately organised charity and deserves encouragement.

(b) When the Grant of Rs 50 was sanctioned by Govt. in 1904, there were on the roll of the institution 17 orphans and the present number is reported to be 34 excluding the number maintained under Kishnappa's Charity. As in the case of aided Educational institutions it appears to me nothing but right that there should be some proportion between the Grant and the number participating in the benefit. On this consideration an additional Grant of Rs 50 may well be made to the institution

(c) This would represent a Subvention of Rs 3 per head or about 35 to 40 % of the cost per head to the institution.

20 It is a pleasing feature to notice that in no year there has been an actual deficit and this is mostly due to the management securing donations from the charitably disposed or paying from their own pockets to make both ends meet. Though during the last year there has been a surplus of nearly Rs 200, still half the income was made up of occasional donations and doles in kind. This source is naturally uncertain and it is conceivable that the management should have times of anxiety to meet their bills. The expenditure per head works out at Rs 5. 6 as which is not too high. The additional ground will go to build up a permanent fund which

place the institution on a stable footing. A per capita grant with a minimum lump sum as in the case of similar institutions may be adopted. I would propose Rs 3 per head and Rs 100 as the minimum

Final Note by the First Member of Council.

Subject:--

Grant-in-aid of Rs.50/- per month to the Anathalaya at Mysore.

The Members of the Managing Committee of the Anathalaya in Mysore pray for an enhancement of the existing Government grant.

2. The institution was started about 19 years ago and under the careful and efficient guidance of the philanthropic and ---- public spirited gentlemen of standing and local influence, it has grown in importance and usefulness until now it counts on its --- rolls 50 inmates, ten of whom are maintained by an endowment --- founded by the late Mirle Krishnappa.

3. Ten years ago when the strength of the institution was -- only 17 orphans, the Government in their order No.4400-1/G. F. 264-04-2 dated 16th January 1905 were pleased to sanction a ---- monthly grant of Rs.50/-. The Managing Committee now represent that owing to increase in the number of the orphans looked after, and the rise in prices, much financial strain is being felt and pray that the grant may be enhanced to Rs.150/- a month.

4. The Financial Secretary supports the view of the -- Muzrai Department that the institution deserves additional help and that a <u>per capita</u> grant of Rs.3/- for an orphan -- maintained from the Anathalaya funds may be sanctioned with a minimum monthly grant of Rs.100/-

5. I think that the grant may be raised to Rs.100/- a month with the conditions noted in the draft order.

Dewan of Mysore, Bangalore.

Sir,

We the members of the Managing Committee of the Anathalaya most respectfully beg to state and pray as follows :-

The Mysore Anathalaya was brought into existence in the month of May 1896. It was maintained purely by private charity till December 1904 when the Government of His Highness the Maharaja were graciously pleased to give a Muzrai grant-in-aid of Rs. 50/- a month from December 1904 to the Alaya.

2. The strength of the Anathalaya at the time the grant was sanctioned, was only 17 when the cost of feeding, clothing and educating an orphan used to be Rs. 5/- a month on an average.

3. The strength of the Alaya now is 34 excluding 10 boys belonging to the late Mirle Krishnagouda's charities, the total strength being 44. There are still many orphans seeking admission but owing to the limited resources of the Alaya we have been compelled to refuse admission.

To

The Secretary to the Government of Mysore,

General and Revenue Departments,

Bangalore.

Sir,

I beg to invite kind reference to your letter No.2371 / Muz.307-13-2 dated 7th March 1914 and as desired therein, I beg to submit herewith a statement showing receipts and expenditure under various heads from January 1905 to December 1914.

As for the endowment building that the Anathalaya owns, I beg to state that besides the present building to the east of the Seshadri House, the Alaya had another house property just in front of it which had been rented out to private individuals and collections therefrom utilized for feeding orphans. The City Trust having acquired the house for the improvement of the locality paid a compensation of ₹1600/- which was deposited in the Government Savings Bank.

The Anathalaya ever since its institution is being - maintained by Public Subscriptions and the Government generously supplemented them with a monthly grant of ₹50/- in 1905. Donations to form a permanent fund are also being collected and kept in the Savings Bank. These amounts with the compensation amount of ₹1600/- with interest would have accumulated to - ₹4072-2-7 had not the Anathalaya felt the necessity of constructing a kitchen and a suite of rooms in its present building. This unforeseen expenditure had to be met partly from the permanent fund and partly from the Savings effected in the

1st March 1915

management of the Institution. The closing balance shown in the statement of account is all that the Alaya has as its permanent fund and it will be seen that it is less by a sum of - ₹540-13-10 which can only be accounted for as the sum taken up for the construction of a kitchen &c., as noted above.

The present strength of the Anathalaya is 50, of which 10 are being maintained out of Mirle Krishnappa's charity and the rest 40 form the Anathalaya prpper. This number is more than the maximum number of orphans that can be maintained with the limited resources of the Institution. Every endeavour is being made to make both ends meet and taking the actual charges during the 10 years under report for feeding, clothing and educating &c, The Average cost per head per month for bare subsistance, works out at Rs.4-6-1. Considering that the Government have allowed a scale of ₹8/- per mensem per head, it may kindly be seen as to what comfort worth the name, could this figure ₹4-6-1 give to a destitute orphan. The Institution in spite of pecuniary embarrasment, has been struggling on to fulfil the benevolent object with which it was originally - started. Owing to lack of funds, it is painful to note, the Alaya has of late been practically shut out to many a deserving destitute and promising orphans.

Under these circumstances, unless the Government magnanimously come to the rescue of this most useful Institution in the shape of an enhanced grant, there is no knowing as to how long it would continue its useful work.

If the Government kindly give the Alaya an additional Grant of one hundred rupees a month the Committee will try to do its best to ~~naturally~~ materially increase the usefulness of the Alaya.

I beg to remain
Sir
Your most obedient Servant
H. Krishna Rao
Honorary Secretary.

Govt. Order No. Fl.4400-1 G.F.264-0442 dated the 16th. January 1905 sanctioning a grant -in-aid of Rs50/- per month to the Anathalaya at Mysore.

Applications dated the 23rd. Dec. 1913 and 1st. May 1915, respectively, from the Members of the Manging Committee and the Honorary Secretary of the Anathalaya representing that the number of inmates in the institution has mofe than doubled and that the cost of feeding, clothing and educating this large number has increased considerably and praying that the present grant of Rs50/- may be increased to Rs150/-

---

Order thereon. No. 380-4 Dated 2-8-1915.
mm-307-13-Bf

The existing grant of Rs50/- a month was fixed ten years ago when the num -ber of orphans on the roll of the Anathalaya was only 17. Since then the orphanage has extended its usefulness, there being as many as 50 inmates on its roll, ten of whom, however, being maintained from the endowment of the late Mirle Krishnappa. The remaining 40 orphans are being maintained by the funds of the Anathalaya and it is represented that owing to high prices much financial strain is felt by the manage -ment,

2. The institution is fortunate in securing for its management, the services

services of philanthropic and public spirited gentlemen of standing and local influence, to whose continued effort alone is due the extended usefulness and flourishing condition of the institution. Government consider that the existing grant of Rs50/- is not adequate to its needs and are pleased to enhance it to Rs100/- per month, the charge being met from the State Revenues as before. This enhanced grant will be in force for a term of 5 years and will take effect from the 1st. of July 1915. Govt., however, reserve to themselves the right to lessen the grant if there should be any substantial decrease in the number of orphans maintained in the orphanage. The amount will be payable in the Mysore District Treasury on bills presented by the Hon. Secretary of the institution, duly countersigned by the Deputy Commissioner Mysore District.

4. Arrangements should be made by the Managing Committee to the satisfaction of the I. G. of Education to give the ----- orphans a vocational training, so as to enable them to earn a livelihood after they leave the orphanage.

5. Accounts of the expenditure of the Govt. grant should be properly maintained and a brief annual report furnished to Govt. about the work of the orphanage.
